

# PRIVACY POLICY

This privacy policy governs your use of the software application Gorp (“Application”) for desktop and mobile devices that was created by Kenneth Schlagel and ndukt limited.

## **What information does the Application obtain and how is it used?**

### **User Provided Information**

The Application does not collect or retain any user information whatsoever and includes no third party libraries not provided by Apple.

### **Processed Information via App Functionality**

Data that is processed by the image recognizer is not stored, shared or distributed and is removed from memory when an image is cleared. Additionally, once an image is processed and classified, its text is not persisted in memory – only the coordinates of the text’s location in the image are temporarily stored and persisted in memory until the image is cleared or reset, or the application is closed.

## **Does the Application collect location information?**

No.

## **Do third parties see and/or have access to information obtained by the Application?**

No. The Application uses no third party libraries and only relies on Apple provided libraries to provide its functionality. Privacy policies for Apple’s App Store can be found at: <https://developer.apple.com/app-store/review/guidelines/#privacy>

## **What are my opt-out rights?**

Delete the Application easily by uninstalling the Application. You are free to use the standard uninstall processes that may be available on your device to uninstall and delete the Application.

## **Data Retention Policy, Managing Your Information**

We do not collect any of your personal information inside of the Application, and thus cannot retain your personal information.

# PRIVACY POLICY

## Children

We do not use the Application to knowingly solicit data from or market to children under the age of 13.

## Security

We distribute the Application directly through the Apple App store so that it can not be tampered with after it is published by us. All policies above are disclosed under the assumption that the Application is never altered, modified, or tampered with once we submit it to the App Store. The site which hosts this privacy policy is served securely over an https connection.

## Changes

This Privacy Policy may be updated from time to time. You are advised to consult this Privacy Policy regularly for any changes.

## Your Consent

By using the Application, you consent to our privacy policy.

## Contact us

If you have any questions regarding privacy while using the Application, or have questions about our practices, please contact us via email at [info@gorp.app](mailto:info@gorp.app)
